

PRESS RELEASE

LOGPAY Supports the Sulzbach Animal Shelter with a Christmas Donation.

Eschborn, December 11, 2024 – LOGPAY is committed to engaging in various areas for the benefit of the community. Due to its close proximity, the LOGPAY Group, a subsidiary of the Volkswagen Group, feels a special connection to the Animal Protection Association Bad Soden/Sulzbach a. Ts. and Surrounding Areas e.V. This year, LOGPAY is supporting the shelter with a donation of €2.500. With this contribution, LOGPAY aims to support the valuable work of the Sulzbach Animal Shelter.

Like many other facilities, the Sulzbach Animal Shelter faces significant challenges. The number of cats taken in has particularly increased in recent years. Many animals are abandoned near the shelter. Often, changes in personal circumstances or feelings of being overwhelmed lead owners to surrender their pets. In addition, animals are rescued by volunteers from dire situations, such as unethical breeding practices.

In addition to dogs and cats, the shelter also cares for other animals, such as rabbits, rodents, and pigeons. The dedicated team carefully assesses the best environment for each animal before adoption. Dogs rescued from difficult situations, in particular, benefit from intensive care and targeted training by the experienced team before being placed in new homes.

To make this important work possible, financial support is essential. LOGPAY's donation helps ensure the care and medical treatment of the animals. The Animal Protection Association Bad Soden/Sulzbach a. Ts. and Surrounding Areas e.V. welcomes any additional support. Donations can be transferred directly to the following account:

Frankfurter Volksbank
IBAN DE95 5019 0000 0000 1638 05
BIC FFVBDEFF
